

TORONTO BOTANICAL GARDENS PARKING LOT RESURFACING

For the immediate future, there will be limited parking at Toronto Botanical Gardens. Access is limited to the Leslie Street entrance, and parking will be available only in the east-end, Woodland Walk section of the parking lot. The Entry Garden Walk will remain open for access to TBG as usual. Accessible parking for wheelchairs (see asterisk below) is available in the lane between TBG and the Café, at the west end of the TBG building. Wheelchair-bound members requiring assistance upon arrival should call Building Maintenance at 416-830-1344 and they will open the Garden Hall door and show them to the elevator.

Please note that overflow parking is available at St. Bonaventure Church, just south of the Gardens on Leslie Street.
